*Non standard sizes available upon request. X = Operating Sash O = Fixed Sash

warranty

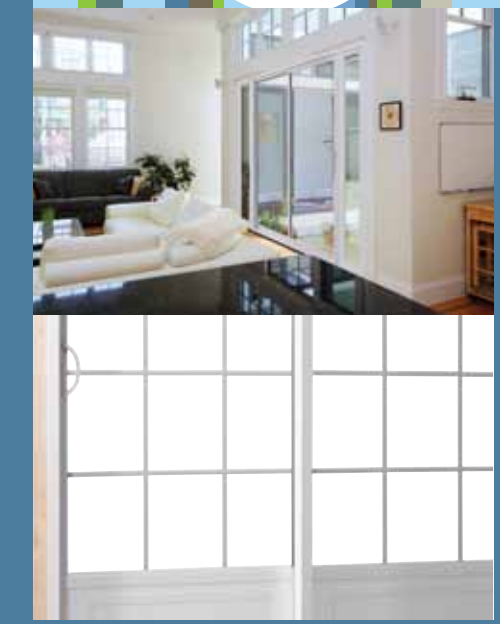

The Everest patio door is delivered with a limited warranty:

- * 20 years on PVC
- * 20 years on seal failure of glass
- * 1 year on operation

The result is a highly esthetic product, combining the solidity and energy efficiency of a conventional door to the luminosity of a patio door. Its refined design, European inspired, enhances beautifully any decor.

everest

Everest is a high-quality product, born of extensive efforts in research and development. This product is so superior that it constitutes the only true revolution the industry of patio door has known for a long time.

frame

- * The Everest patio door is offered with a 5 5/8" or a 7 1/4" wood frame and a height of 79 1/2" or 81 3/16"
- * The sill has a 10° slope to ensure good water drainage
- * It combines the sturdiness of a wood frame to the aesthetics and solidity of PVC.

sashes

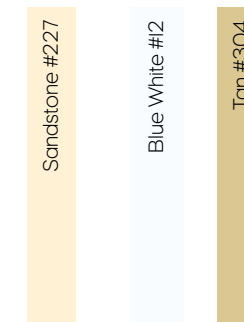

- * The stiles are reinforced with galvanized steel
- * This door is designed for a 7/8" i.g.
- * Opening an Everest patio door requires minimum effort; The self-lubricating tandem nylon rollers allow the operating sash to slide quietly and smoothly
- * The Everest patio door has an exclusive locking handle with a double latch

screen

- * Extruded aluminium screen frame
- * Fibreglass screen mesh
- * Adjustable rollers to provide smoothness of operation, without coming off the track

colours

- * Solid PVC :
Sandstone #227
Blue White #12
Tan #304
- * Painted colors available using the Royal Bond™ Spectracoat™ Technology

options

- * Exterior key lock
- * Foot lock
- * Security bar
- * Garden door with embossed panels
- * 1" and 4" Brick Moulds
- * Nailing fin
- * Interior jamb extensions in many sizes
- * Many glazing options such as Low-E with Argon
- * Steel screen
- * Sidelite and Transom

Different patterns and colours available upon request
